Introduction

Annually, the Maryland State Department of Education (MSDE) collects information on students with disabilities (ages 3-21) who reside in the State of Maryland. Until 2013, this child count was taken on the last Friday of October. In 2014, it began being taken on October 1. In order to be included in this count, a child must be identified as having a disability and be receiving active special education services on October 1.

The Special Services Information System (SSIS) consists of two separate data collections. The first is the October 1 child count, a count of all students receiving special education services on October 1 of every school year. Data on students who have exited special education are collected on June 30 of every school year.

The SSIS database is used to compile information on Maryland students with disabilities. MSDE uses the SSIS database as:

- a source of information to meet planning, monitoring, and accounting responsibilities for special education;
- a recording and reporting tool for decisions made by public agencies; and
- an instrument for federal reporting requirements.

Definitions

LEAST RESTRICTIVE ENVIRONMENTS (LRES)

Least restrictive environment decisions are made separately for children in preschool and school-aged children. Currently, children are considered preschool-aged if they are 3 or 4 years old or if they are 5 years old and in preschool. Children who are 5 years old and in kindergarten through age 21 are considered school aged.

MSDE is monitoring virtual programs and providing updates to the Maryland State Board of Education.

MSDE will monitor all full-time virtual programs to ensure:

- equity of programs and opportunities for all students regardless of instructional environment;
- equity of supports that enhance student success;
- alignment to content standards and LEA curriculum; and as
- rigorous and comparable teaching and learning as occurs in a face-to-face classroom.

To support the monitoring of the virtual programs, MSDE will collect aggregate and student-level data four (4) times throughout the school year.

Preschool Least Restrictive Environments (for children ages 3-5preK)

(F) Public Separate Day School – A learning environment in which children receive ALL of their special education and related services in educational programs in public day schools specifically for students with disabilities.

(G) Private Separate Day School – A learning environment in which children receive ALL of their special education and related services in educational programs in private day schools specifically for students with disabilities.

(H) Public Residential Facility – A learning environment in which children receive ALL of their special education and related services in publicly operated residential facility or residential medical facility on an inpatient basis.

(I) Private Residential Facility – A learning environment in which children receive ALL of their special education and related services in privately operated residential facility or residential medical facility on an inpatient basis.

(J) Home – A learning environment in which children receive any of their special education services in the home.

(S) Separate Class – A learning environment in which children receive services in a special education program in a class with fewer than 50% nondisabled children.

(T) Service Provider Location – A learning environment in which children receive all of their special education and related services from a service provider, and who did not attend an early childhood program or a special education program provided in a separate class, separate school, or residential facility.

(W) Attending a Regular Early Childhood Program – A learning environment in which children receive at least 10 hours per week and receive the majority of special education and related services in that setting.

(X) Attending a Regular Early Childhood Program – A learning environment in which children receive at least 10 hours per week and receive the majority of special education and related services in some other location.

(Y) Attending a Regular Early Childhood Program – A learning environment in which children receive less than 10 hours per week and receive the majority of special education and related services in that setting.

(Z) Attending a Regular Early Childhood Program – A learning environment in which children receive less than 10 hours per week and receiving the majority of special education and related services in some other location.

School-Age LREs (for children and youth ages 5K-21)

(A) Inside the General Education Classroom 80% or more (children who received special education and related services outside the regular classroom < 21% of the school day) – A learning environment in which children and youth enrolled in a comprehensive school who receive special education and related services inside the general education setting for 80% or more of the school day.

(B) Inside the General Education Classroom 40% - 79% (children who received special education and related services outside the regular classroom for at least 21% but no more than 60% of the school day) – A learning environment in which children and youth enrolled in a comprehensive school who receive special education and related services inside the general education setting for 40-79% the school day.

(C) Inside the General Education Classroom < 40% (children who received special education and related services outside the regular classroom > 60% of the school day) – A learning environment in which children and youth year old enrolled in a comprehensive school who receive special education and related services inside the general education setting for less than 40% of the school day.

(D) Homebound Placement – A learning environment in which children and youth who receive special education instruction at home.

(E) Hospital Placement – A learning environment in which children and youth who receive special education in a medical treatment facility on an inpatient basis.

(F) Public Separate Day School – A learning environment in which children and youth who spend more than 50% of the school day in separate public facility that does not house programs for students without disabilities.

(G) Private Separate Day School – A learning environment in which children and youth who spend more than 50% of the school day in private separate day facility that does not house programs for students without disabilities.

(H) Public Residential Facility – A learning environment in which children and youth who receive special education and related services for greater than 50% of the school day in a public residential facility.

(I) Private Residential Facility – A learning environment in which children and youth who receive special education and related services for greater than 50% of the school day in a private residential facility.

(U) Correctional Facilities – A learning environment in which children and youth who receive special education and related services in correctional facilities.

(V) Parentally Placed in Private Schools – A learning environment in which children and youth enrolled by their parents or guardians in regular parochial or other private schools and whose basic education is paid through private resources and who receive special education and related services at public expense from a local educational agency or intermediate educational unit under a service plan.

Eligibility

(1) Eligibility 1 – Student with a disability served in a public school or placed in a nonpublic school by the public agency to receive FAPE.

(2) Eligibility 2 – Parentally placed private school student with a disability receiving special education and/or related service through a service plan from the public agency.

(3) Eligibility 3 – Parentally placed private school student with a disability NOT receiving service from the public agency.

(4) Eligibility 4 – The Maryland State Department of Education (MSDE) offers families the option to extend early intervention services through an Individualized Family Service Plan (IFSP) after age 3 until the beginning of the school year following a child's fourth birthday. As part of this option, by age three, a family can choose to continue services through an IFSP. This is also referred to as Extended IFSP services, or EIFSP.

For more information about the Maryland Infants & Toddlers Program, please see: <https://referral.mditp.org/>

Data Suppression

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, 34 CFR Part 99, is a federal law that protects the privacy of student education records. Under FERPA, states are responsible for protecting students' personally identifiable information (PII) from disclosure when reporting. Even data that are reported in aggregate have the potential to disclose PII.

Data suppression is a disclosure avoidance method that is used to protect the identities, privacy, and personal information of individuals. To abide by the regulation outlined in FERPA and protect student's PII, MSDE applies suppression rules to aggregated student data that is connected to student education data and outcomes.

MSDE applies a minimum N-size for reporting when data must have a sufficient number of students for the data to be reported. Data are suppressed for any student group where the total enrollment for the student group is fewer than 10. Suppressed data will be represented by an asterisk (*).

*Data are suppressed for any student group where the total enrollment for the student group is fewer than 10.

Total column reflects all Eligibility 1 and 2 students, ages 5K-21.

Percentages on Tables 18a may not sum to 100% because not all LEAs/SOPs are included.

Includes Eligibility 1 and 2 students. See the Introduction for information about eligibility codes.
